

**Jackson's Moss
149-151 Upper
Chorlton Road
Whalley Range
MANCHESTER**

£164,950-234,950

FREE BESPOKE DESIGNER FURNITURE PACKAGE or 5 YEARS SERVICE CHARGE FREE.

2 and 3 bed luxury apartments and penthouses.

The twenty apartments are approached via secure entry systems with remote operated gates which in turn lead to the underground parking area.

Apartments have either a private terrace or balcony and are arranged over 5 floors with lift access to each.

Our client's impeccable eye for detail is evident throughout, with features such as solid granite working surfaces and flooring in the kitchens to fully tiled bathrooms and solid oak flooring.

'Jackson's Moss Apartments' occupy a prominent and leafy location with landscaped resident's garden and secure underground parking.

Just a short distance south is bohemian Chorlton village with its wealth of cafes, bars and restaurants and superb shopping facilities.

Equally just as convenient in the opposite direction is the vibrancy of city centre Manchester

The 3 bed apartments have been designed with today's modern living in mind and the extra bedroom would be ideal for a home office or study.

Alternatively, with the high demand for investment/rental properties in the area, substantial rental incomes could be achieved.

DIRECTIONS:

From our Chorlton Office:

Proceed right onto Barlow Moor Road, go through first set of traffic lights onto Manchester Road. Continue to second set of traffic lights and turn right onto Upper Chorlton Road. Jackson's Moss can be found just a short after the 3rd turning on your right.

Whalley Range- A similar suburb to Victoria Park in that it grew as an affluent suburb at the beginning of the Industrial Age, declined as the rich moved further away, and their grand houses were converted into bedsits, and has seen a swing back towards popularity and prosperity over recent years. The wealthy past is evident in the spacious Victorian Villas and leafy parks which still create a beautiful setting. Closer to the City than Chorlton, but still on the same bus routes, the area has seen an increase in young professionals and families taking advantage of the lower prices and proximity to amenities. In addition, many of the large properties have made excellent locations for offices, doctors, dentist and holistic clinics.
